# Bullying Prevention Policy

## PURPOSE

Kunyang Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated.

The purpose of this policy is to:

- explain the definition of bullying so that there is shared understanding amongst all members of the Kunyang Primary School community
- make clear that no form of bullying at Kunyang Primary School will be tolerated
- outline the strategies and programs in place at Kunyang Primary School to build a positive school culture and prevent bullying behaviour
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and accept responsibility to report bullying behaviour to school staff
- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including targets, bystanders and students engaging in bullying behaviour)
- seek parental and peer group support in addressing and preventing bullying behaviour at Kunyang Primary School

When responding to bullying behaviour, Kunyang Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Kunyang Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

## SCOPE

This policy addresses how Kunyang Primary School aims to prevent, address and respond to student bullying behaviour. Kunyang Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our *Statement of Values and School Philosophy, Student Wellbeing and Engagement Policy, Inclusion and Diversity Policy and IB Inclusion Policy*.

This policy applies to all school activities, including camps and excursions.

## POLICY

### Definitions

#### **Bullying**

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

*Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.*

*Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)*

*Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.*

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. **direct physical bullying** – e.g. hitting, tripping, and pushing or damaging property.
2. **direct verbal bullying** – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. **indirect bullying** – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

**Cyberbullying** is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

### **Other distressing and inappropriate behaviours**

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the *Student Wellbeing and Engagement Policy* and our *Statement of Values and School Philosophy*.

**Mutual conflict** involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

**Social rejection or dislike** is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

**Single-episode acts** of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Kunyung Primary

School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

**Harassment** is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Kunyung Primary School and may have serious consequences for students engaging in this behaviour. Kunyung Primary School will use its *Student Wellbeing and Engagement Policy* to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

## **BULLYING PREVENTION**

Kunyung Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Kunyung Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- Positive social behaviours are developed and enhanced through skills-based teaching, specifically to teach and reinforce the Approaches to Learning.
- We provide explicitly planned social skills teaching opportunities for all students through a split-screen approach drawing on the Approaches to Learning (a set of strategies and skills which are intrinsically linked to the Learner Profile Attributes) and the Learner Profile Attributes.
- We incorporate the Respectful Relationships initiative into our curriculum through the Approaches to Learning. Separate sessions are facilitated by the classroom teacher, and/or the Wellbeing Assistant Principal as required.
- We use a three tiered approach, universal (whole school), targeted (year level specific) and individual engagement strategies.

- Kunyung Primary School uses the School Wide Positive Behaviour Support framework.
- We use a Continuum of Behaviour Support that considers all students and emphasises prevention, to develop positive, safe, supportive learning cultures.
- The School Wide Positive Behaviour (SWPB) framework used at Kunyung Primary School is a proactive approach and focuses on teaching all students agreed expected behaviours and pro-social skills rather than reacting to inappropriate behaviour. This in turn creates a safer and more effective school environment. We engage in school wide positive behaviour support with our staff and students including:
  - Support groups
  - opportunities for student inclusion (i.e sports teams, clubs, recess and lunchtime activities)
  - buddy programs
  - peer support programs (peer mediators)
- We ensure the consistent and fair application of the Student Wellbeing and Engagement policy.
- Staff undertake social skills development in response to needs identified by student wellbeing data, classroom teachers or other school staff.
- Behaviour Support Plans are used to support the growth and development for students.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- All teachers incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- The Peer Support Program and the Peer Mediation program encourage positive relationships between students in different year levels. We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.

For further information about our engagement and wellbeing initiatives, please see our Student Wellbeing and Engagement policy.

## **INCIDENT RESPONSE**

### **Reporting concerns to Kunyung Primary School**

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Kunyung Primary School are timely and appropriate in the circumstances.

We encourage students to speak to your teacher and/or our Wellbeing Assistant Principal, Craig Entwistle. However, students are welcome to discuss their concerns with any trusted member of staff including teachers and education support personnel.

Parents or carers who develop concerns that their child is involved in, or has witnessed bullying behaviour at Kunyung Primary School should contact the Wellbeing Assistant Principal, Craig Entwistle by phone on 9787 6102 or by email directed to [kunyung.ps@edumail.vic.gov.au](mailto:kunyung.ps@edumail.vic.gov.au).

### **Investigations**

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in Compass; and
2. inform the relevant Year Level Coordinator, Assistant Principal, or Principal.

The Wellbeing Assistant Principal is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the Wellbeing Assistant Principal may:

- speak to the those involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the Wellbeing Assistant Principal in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

### **Responses to bullying behaviours**

When the Wellbeing Assistant Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with the Student Wellbeing Team, the relevant Year Level Coordinator, teachers, Student Support Services, Assistant Principal, Principal, and the Department of Education and Training specialist staff.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Kunyung Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The Teachers and/or Wellbeing Assistant Principal, may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the target student or students, including referral to the Student Wellbeing Team, SSS, and external provider.
- Offer counselling support to the students engaging in bullying behaviour, including referral to the Student Wellbeing Team, SSS, and external provider.
- Offer counselling support to affected students, including witnesses and/or friends of the target student, including referral to the Student Wellbeing Team, SSS, and external provider.
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Behaviour Support Plan restricting contact between target and students engaging in bullying behaviour.

- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including connecting affected students with an older Student Mentor, resilience programs, and social skills programs.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement year group targeted strategies to reinforce positive behaviours, for example the School Wide Positive Behaviour framework, Respectful Relationships, and the Approaches to Learning and the Learner Profile Attributes.
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, reflection room attendance, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

Kunyang Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

The Wellbeing Assistant Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.
