

# Homework Policy

## Purpose

This policy outlines the expectation of our school community that Kunyung Primary School sets homework that supports educational requirements and is seen as one way of supporting and fostering life-long learning and connecting families with the learning of their children.

## Guidelines

Homework will be:

- appropriate to the student's skill level and age
- purposeful, meaningful and relevant to the curriculum
- interesting, challenging and when appropriate open ended
- assessed by teachers with feedback and support provided
- balanced with a range of recreational, family and cultural activities.

Homework will not be assigned in large amounts and will provide students with opportunities to practice skills, review content and deepen understanding of concepts learned.

Homework and practice will also help students to develop self-regulation processes, such as time management and study skills.

Homework practice for the different year levels is described below:

### Prep to 4

- can foster a sense of self-discipline and responsibility and prepare students for upper grades
- enables the extension of class work by practising skills or gathering of extra information or materials
- will mainly consist of daily reading to, with, and by parents/carer or older siblings

### Year 5 to 6

- should include daily independent reading
- may extend class work, projects and assignments, essays and research

# Implementation

We will have a documented approach to homework which takes into account the personal and developmental needs of students.

The setting of homework will take into consideration the need for students to have a balanced lifestyle. This includes sufficient time for family, sport and recreation, cultural pursuits and employment where appropriate.

Implementation of this homework policy involves:

- communication between teachers; between teachers and students and parents/carers
- homework activity related to what is taught in the classroom
- an element of challenge in the homework to be set
- individualised homework activities/plans, aligned with individualised learning styles and abilities
- homework activities linked with prompt, appropriate assessment and feedback.

The school homework approach will be informed by a shared understanding and be regularly monitored through feedback from teachers, students, parents/carers and the school council as appropriate.

## Roles and responsibilities

**We will** support students by:

- fostering lifelong learning and connecting families with the learning of their children, as part of a comprehensive and balanced curriculum within Victorian schools
- ensuring the school's homework policy is relevant to the needs of students
- advising parents/carers of homework expectations at the beginning of the school year and provide them with a copy of the homework policy
- encouraging parents/carers of early primary school aged children to read to and with their children for enjoyment
- ensuring that upper primary and secondary school students use homework diaries to provide a regular communication between parents and the school. Diaries may be electronic.

**Teachers** will support students by:

- equipping students with the skills to solve problems
- encouraging real-life problem solving, logical thinking, creativity and imagination

- setting varied, challenging and meaningful tasks related to class work to suit the students' learning needs
- giving students enough time to complete homework, considering home obligations and extracurricular activities
- assessing homework and providing timely and practical feedback and support
- helping students develop organisational and time-management skills
- ensuring parents/carers are aware of the school's homework policy
- developing strategies within the school to support parents/carers becoming active partners in homework.
- offering a wide range of opportunities for families to engage in their children's learning.

**Parents** can support students by:

- developing a positive and productive approach to homework
- ensuring there is a balance between the time spent on homework and recreational activities
- reading to them, talking with them and involving them in learning opportunities during everyday household routines and physical activity
- talking to teachers about any concerns they have about the homework
- attending the school events, productions or displays their child is involved in
- ensuring upper primary students keep a homework diary
- discussing homework with their child in their first language, if English is not the main language spoken at home, and linking it to previous experiences
- linking homework and other learning activities to the families' culture, history and language, linking with relevant services, clubs, associations and community groups.

**Students** will take responsibility for their own learning by:

- being aware of the school's homework policy
- discussing with their parents or caregivers homework expectations
- accepting responsibility for the completion of homework tasks within set time frames
- following up on comments made by teachers
- seeking assistance when difficulties arise
- organising their time to manage home obligations, participation in physical activity and sports, recreational and cultural activities and part-time employment.
